Resource & Energy Investment Program REIP

www.firstpeoplesfund.ca

Connecting Manitoba's First Nations with Manitoba's Business Community

How will this program help to grow my business?

The First Peoples Economic Growth Fund's (FPEGF) Resource & Energy Investment Program (REIP) is designed to provide debt or equity financing to large-scale businesses in either the Resource or Energy sectors of the Manitoba economy.

What are the requirements for applicants?

That you...

- Have a profit objective (not-for-profit projects will not be considered)
- Demonstrate viability through a sound business plan
- Have your head office in Manitoba
- Be in the Resource or Energy sectors (including servicing major Resource or Energy developments)

How much financing is available?

Financing is available from \$500,000 to \$1,500,000.

What is the purpose of the program?

Creating opportunities for First Nations or First Nations entrepreneurs to partner with successful and growing Manitoba businesses by providing financing to help create or enhance a level of ownership and participation.

What financing vehicles are available?

A variety of debt or equity financing instruments can be tailored to meet your needs.
